

Floor Plan

Captain's Suite

Speakers / Panel

We have assembled for you a highly professional panel of speakers who will cover all matters concerning the ecology of Exmoor, how to live a Low Carbon Lifestyle, and the types and value of Renewable Energy equipment, planning and grants. They can answer any questions you may have.

Professor Sir Ghillelan Prance MA, Dphil, Dsc, FRS, FLS, FIBiol FRGS, Is a world renowned botanist and ecologist. He was Director of the Royal Botanic Gardens at Kew, and the Eden Project amongst many other such positions

Mukti Mitchell is a nationally respected figure in the field of Low Carbon Lifestyles and has written a book on the subject. His 2007 National Tour was endorsed by the Prince of Wales and all four major party leaders.

Melanie Sealey is Project Manager, Renewable Energy, for Devon County Council, and is an expert on micro-renewable energy resources and grants available.

Ian Bright is Renewable Energy Officer for Somerset County Council with the same responsibilities as Melanie. Both will speak on a number of such resources.

Ian Bright
Renewable Energy
Officer, Somerset
County Council

Melanie Sealey
Project Manager
Renewable Energy
For Devon

VENUE

The E4Exmoor Symposium, sponsored and organised by the Exmoor Trust will take place in the Captain's Suite of the Raleigh's Cross Inn, Brendon Hill, Exmoor.

All bookings, whether for rooms or meals, should be made direct with the Hotel

Schedule

Dunkery Beacon

If the unique habitat of Exmoor, its ecology and diversity are not protected and preserved, then there will be no more Exmoor as we know it.

Everyone can help Exmoor and save money by significantly reducing their own overheads at no cost to themselves, by their lifestyle and habits.

According to pocket and property, one can also achieve further savings by installing micro renewable energy sources.

All three areas will be addressed plus questions on these subjects, grants, and planning.

The day will be split into 2 sessions as follow:

Session One

- 08.30 Coffee (free)
- 09.00 Mukti Mitchell - Low Carbon Lifestyle
- 09.45 Melanie Sealey - Renewable energy
- 10.30 Comfort & Coffee Break (Buy your own)
- 11.00 Ian Bright - Renewable energy
- 11.45 Panel - Questions, Grants, Planning
- 12.15 Sir Ghillean Prance
- 1.00 - Visit Supplier stands

Session Two

- 2.00 Sir Ghillean Prance
- 2.45 Mukti Mitchell - Low Carbon Lifestyle
- 3.30 Melanie Sealey - Renewable energy
- 4.15 Comfort Break (Free tea/coffee)
- 4.45 Ian Bright - Renewable energy
- 5.30 Panel - Questions, Grants, Planning
- 6.00 - Visit Supplier stands

Subjects to be covered

EXMOOR ECOLOGY

Sir Ghillean Prance, will talk about the ecology and bio-diversity of Exmoor and how to preserve it.

LOW CARBON LIFESTYLE

Mukti Mitchell will chair the panel and will talk on Living a Low Carbon Lifestyle.

RENEWABLE ENERGY TECHNOLOGIES

Melanie Sealey (Devon C. C.) will cover:

- Micro hydro
- Micro wind turbines
- Biomass heating
- Wood pellet heating

Ian Bright (Somerset C.C.) will cover:

- Solar water heating
- Solar PV
- Ground Source heat pumps
- Air Source heat pumps

THE PANEL

The under-mentioned representatives from their organisations will join the speakers on the Panel for the relevant session, to answer questions on planning permission, grants and rates for energy purchase.

EDF Andrew Dickinson,
Manager Product Development & Innovation
